AI and Machine Learning Initiatives in Africa

IndabaX Tanzania 2019 Team

10 April 2019

Data Science Africa

Data Science Africa (DSA):

- Aims to create a hub in the network of data science researchers across Africa.
- Organizes annual summer school and workshop to train participants on machine learning and data science methods.
- Started in 2015.

- DSA 2019 Addis Ababa University, Ethiopia from June 3rd to 7th.
- DSA 2019 Accra, Ghana from Oct 21st to 25th

Deep Learning Indaba

Deep Learning Indaba (DLI)

- Mission is to Strengthen Machine Learning and Artificial Intelligence in Africa.
- Vision for Africans becoming critical contributors, owners, and shapers of the coming advances in artificial intelligence and machine learning.
- Started in 2017.

- Kenyatta University, Nairobi, Kenya from August 25th to 30th, 2019
- Application is open to all, including students, post-doctoral candidates, research staff, industries, startups: to people from across Africa and the world.
- Application Deadline: Friday 12th April, 2019
- **Apply** now.

A Deep Learning IndabaX is a locally-organised, one-day Indaba that helps spread knowledge and builds capacity in machine learning.

DEEP LEARNING INDABA X TANZANIA
10TH - 12TH APRIL, 2019
